

COVID-19 REOPENING SAFETY PLAN

Name of Business: Broadway Dance Center

Industry: Sports & Recreation

Address: 322 W 45th St, 3rd Floor
New York, NY 10036

Contact Information: E: online@bwydance.com P: 212-582-9304

Owner: Diane King
E: DKing@bwydance.com P: 212-582-9304 x 22

Dir. of Business Operations: Vanessa Crane
E: vanessa@bwydance.com P: 212-582-9304 x 29

Dir. of Studio Operations: Kwabena Edwards
E: KwabenaE@bwydance.com P: 212-582-9304 x 77

I. PEOPLE

A. Physical Distancing: To ensure employees comply with physical distancing requirements, we agree that we will do the following:

- Ensure 6 ft. distance between personnel, unless safety or core function of the work activity requires a shorter distance. Any time personnel are less than 6 ft. apart from one another, personnel must wear acceptable face coverings.
- Tightly confined spaces will be occupied by only one individual at a time, unless all occupants are wearing face coverings. If occupied by more than one person, will keep occupancy under 33% of maximum capacity.
- Post social distancing markers using tape or signs that denote 6 ft. of spacing in commonly used and other applicable areas on the site (e.g. clock in/out stations, health screening stations)
- Limit in-person gatherings as much as possible and use tele- or video conferencing whenever possible. Essential in-person gatherings (e.g. meetings) should be held in open, well-ventilated spaces with appropriate social distancing among participants.
- Establish designated areas for pick-ups and deliveries, limiting contact to the extent possible.

We are confident we can maintain 6 ft of distance; however, the following would be mandatory for all that enter the facility to ensure the safety of our employees, customers, and visitors:

- Health declaration form to be filled out prior to entering the facility.
- Temperatures taken before moving from the lobby to the studio proper; anyone with a temperature of over 100.4 F will be asked to leave.
- Face coverings will be mandatory for anyone entering the studio proper and must be worn at all times. PPE will be provided for employees and we will have a stock of masks on hand in case renters are in need of one.

The following protocols will be in place to ensure the safety of our employees, customers, and visitors:

- Directional signage will be in place to avoid bilateral traffic.
- Regularly scheduled cleaning and disinfecting.
- Reduced capacity guidelines.
- Staggered class times.
- Pick-ups and deliveries have a designated location.

To manage industry-specific physical social distancing:

- Masks will be worn at all times.
- Studios will be taped off to allow for a minimum of 6ft between people.

- Maximum of 2 people in the faculty lounge at a time.

II. PLACES

A. Protective Equipment. To ensure employees comply with protective equipment requirements, we agree that we will do the following:

- Employers must provide employees with an acceptable face covering at no-cost to the employee and have an adequate supply of coverings in case of replacement.
 - We will have a stock of approximately 500 three-layer disposable masks for all employees and visitors per week. We also have latex gloves for cleaning/disinfecting, shoe covers, and some face shields on hand
- Face coverings must be cleaned or replaced after use or when damaged or soiled, may not be shared, and should be properly stored or discarded.
 - Masks must be worn at all times. If a personal cloth mask is soiled, it must be placed in a plastic bag to be brought home and washed; we will replace it with one of our disposable masks on site. If a disposable mask is soiled, it must be discarded in trash receptacles; no PPE may be left on the floor, on counters, or in studios.
- Limit the sharing of objects and discourage touching of shared surfaces; or, when in contact with shared objects or frequently touched areas, wear gloves (trade-appropriate or medical); or, sanitize or wash hands before and after contact.
 - High touch surfaces will be disinfected frequently: stereo equipment; phones; door handles; tables; light switches; desks; keyboards; toilets; faucets; sinks. All staff will sanitize after each use. Anything that is touched will be immediately sanitized after use. All office supplies and other personal objects will not be shared.

B. Hygiene and Cleaning. To ensure employees comply with hygiene and cleaning requirements, we agree that we will do the following:

- Adhere to hygiene and sanitation requirements from the Centers for Disease Control and Prevention (CDC) and Department of Health (DOH) and maintain cleaning logs on site that document date, time, and scope of cleaning.
 - The log will be maintained by our Director of Studio Operations and will be placed in each location.
- Provide and maintain hand hygiene stations for personnel, including handwashing with soap, water, and paper towels, or an alcohol-based hand sanitizer containing 70% or more alcohol for areas where handwashing is not feasible.
- Conduct regular cleaning and disinfection at least after every shift, daily, or more frequently as needed, and frequent cleaning and disinfection of shared objects and surfaces, as well as high transit areas, such as restrooms and common areas.

- We will have regular cleanings in the studios after each class that include floors and all touched surfaces; bathrooms will be cleaned and sanitized multiple times throughout the day.
 - Clean & disinfect all areas used by the person
 - Wear disposable gloves
 - Clean with soap & water
 - Disinfect with registered disinfectants

C. Communication. To ensure the business and its employees comply with communication requirements, we agree that we will do the following:

- Post signage throughout the site to remind personnel to adhere to proper hygiene, social distancing rules, appropriate use of PPE, and cleaning and disinfecting protocols.
- Establish a communication plan for employees, visitors, and customers with a consistent means to provide updated information.
- Maintain a continuous log of every person, including workers and visitors, who may have close contact with other individuals; excluding deliveries that are performed with appropriate PPE or through contactless means; excluding customers, who may be encouraged to provide contact information to be logged but are not mandated to do so.
 - The Director of Studio Operations will maintain an online log of each person that enters..

If a worker tests positive for COVID-19, employer must immediately notify state and local health departments and cooperate with contact tracing efforts, including notification of potential contacts, such as workers or visitors who had close contact with the individual, while maintaining confidentiality required by state and federal law and regulations. If a worker tests positive for COVID-19, the Director or Dir. Of Business Operations will be responsible for notifying state and local health departments.

III. PROCESS

A. Screening. To ensure the business and its employees comply with protective equipment requirements, we agree that we will do the following:

- Implement mandatory health screening assessment (e.g. questionnaire, temperature check) before employees begin work each day and for essential visitors, asking about (1) COVID-19 symptoms in past 14 days, (2) positive COVID-19 test in past 14 days, and/or (3) close contact with confirmed or suspected COVID-19 case in past 14 days. Assessment responses must be reviewed every day and such review must be documented.
 - Screening will be done via an Online Health Declaration Form before arriving on site.
 - Temperatures will be taken on-site by their host.

B. Contact tracing and disinfection of contaminated areas. To ensure the business and its employees comply with contact tracing and disinfection requirements, we agree to do the following: Have a plan for cleaning, disinfection, and contact tracing in the event of a positive case.

In the case of an employee testing positive for COVID-19, we will do the following:

- Close off areas used by the person who is sick
- Open outside doors and windows for increased air circulation
- Wait 24 hours before clean/disinfect (or as long as possible)
- Clean & disinfect all areas used by the person
 - Wear disposable gloves, Vacuum the area, Clean w/ soap & water, Disinfect w/ registered disinfectants or alcohol solutions w/ at least 70% alcohol
- We will make every effort to limit contamination by cleaning/disinfecting after each class.
- We will inform any close contacts of possible exposure via email but maintain confidentiality. We will require potentially exposed contacts that they should stay home for 14 days.

To ensure that we stay up to date on the guidance that is being issued by the State, we will: Consult the NY Forward website at forward.ny.gov and applicable Executive Orders at [governor.ny.gov/executive orders](http://governor.ny.gov/executive-orders) on a periodic basis or whenever notified of the availability of new guidance.

The following resources were used when creating this Safety Plan:

- General Information: New York State Department of Health (DOH) Novel Coronavirus (COVID-19) Website Centers for Disease Control and Prevention (CDC) Coronavirus (COVID-19) Website Occupational Safety and Health Administration (OSHA) COVID-19 Website
- Workplace Guidance: CDC Guidance for Businesses and Employers to Plan, Prepare and Respond to Coronavirus Disease 2019 OSHA Guidance on Preparing Workplaces for COVID-19
- Personal Protective Equipment Guidance: DOH Interim Guidance on Executive Order 202.16 Requiring Face Coverings for Public and Private Employees OSHA Personal Protective Equipment
- Cleaning and Disinfecting Guidance: New York State Department of Environmental Conservation (DEC) Registered Disinfectants of COVID-19 DOH Interim Guidance for Cleaning and Disinfection of Public and Private Facilities for COVID-19 CDC Cleaning and Disinfecting Facilities
- Screening and Testing Guidance: DOH COVID-19 Testing CDC COVID-19 Symptoms
